

HB 1657 PUNISHES PROPERTY OWNERS, NOT THE TEXAS SUPREME COURT

Some lawmakers want to make HB 1657 a referendum on the Supreme Court, but it misses the mark. HB 1657 hurts local governments, property owners, and Texas workers.

Entergy v. Summers doesn't change or enlarge Texas law and doesn't override legislative intent. The Supreme Court applied century-old Texas workers' comp law exactly as it is written.

It's simple, if you buy workers' comp insurance, you should get the benefit of the coverage.

Don't punish property owners. Oppose HB 1657.
